ONYX Go subscriptions

What is ONYX Go?

- A new ONYX RIP subscription product
- Offered as a month-to-month, no-contract option
- Available in two tiers: ONYX Go Lite and ONYX Go Plus
- Provides double the power, with two RIPs per printer

Who chooses a subscription RIP software?

- Print shops who always want the latest features to meet their print buyer needs
- Print shops who want control over their RIP solution without a contract
- Existing ONYX users who want a fast, easy, cost-effective way to upgrade to the latest version

ONYX Go subscription product tiers

	Configurations				Printer Levels				Option Packages		
	Monthly Price	RIPs	Printers	Job Editors	Level 1 Printer Set	Level 2 Printer Set	Level 3 Printer Set	Misc.	Color Management Package	Production Tools Package	Textile Tools Package

ONYX Go Lite

ONYX Go Lite

ONYX Go Lite is a month-to-month, no contract industry leading ONYX RIP software solution.

It includes:

- One printer permission from level-one printers
- Two Adobe PDF Print Engine RIPs for multiple file-handling
- One Job Editor to edit and prepare files before printing
- Unlimited roll-to-roll cutter support

ONYX Go Plus

ONYX Go Plus

ONYX Go Plus is a month-to-month no contract subscription of industry leading ONYX RIP software offering double the power of ONYX Go Lite. Best suited for print shops with more than one printer who want greater control over output.

It includes:

- Two printer permissions from level one or two printers
- Four Adobe PDF Print Engine RIPs for processing multiple files
- Job Editor to edit and prepare files before printing
- Unlimited roll-to-roll cutter support
- Production tools
- Color management tools

ONYX Go Plus additional tools

ONYX Go Plus provides additional production and color management tools for greater control over print production and color output.

Production tools:

- Bleed and Grommets for finishing
- Swatch Books for color matching
- Specialty ink support for white-ink jobs
- Custom ink configurations

Color Management tools:

- ICC profiling for output accuracy
- Media Manager to customize profiles
- DeviceLink+ to synchronize color across devices

ONYX Go side by side comparison

- ONYX Go includes all the industry leading features ONYX users have come to expect to achieve superior output quality
- Add-on options have been specifically designed for ONYX Go

ONYX Printer levels for ONYX Go

ONYX Printer levels are determined by printer size, age, technology and industry usage. As a general rule:

- Level one printers are typically smaller, entry level printers with more limited technology.
- Level two printers are typically larger printers that are at least 60 inches wide, with higher grade technology

Please refer to the ONYX Web Store which links to an online table of supported printers .

Purchasing ONYX Go

Use the link on your ONYX Reseller webstore

- Each ONYX Go customer can click on the webstore link to take customers to the Onyx Graphics store.

You will be redirected to the ONYX Webstore to checkout

This screenshot shows a product listing page on the ONYX webstore. The header includes a search bar, a 'FREE SHIPPING ON EVERY ORDER' badge, and navigation links for 'Log In', 'Wishlist (0)', 'Compare Products List', and 'Shopping Cart (0)'. A 'Refine by' sidebar on the left lists categories like 'Product Type', 'Edge Loyalty Points Multiplier', 'OS Compatibility', 'Software Format', and 'Software Type'. The main content area displays three product cards: 'ONYX Go Lite - monthly subscription', 'ONYX TruFit', and 'ONYX Thrive Conversion'. Each card features a product icon, a title, a 'RIP' badge, a star rating, and a 'Choose Options' button. A '34 products found' indicator is visible above the product list. A chat bubble with the text 'How can we help?' is located in the bottom right corner.

This screenshot shows the checkout page for 'ONYX Go'. The header features the 'ONYX WEB STORE' logo, a search bar, and navigation links for 'SHOP', 'PRODUCTS', 'ONYX GO LITE', 'ONYX GO PLUS', 'COMPARE PRODUCTS', 'FAQ', and 'CONTACT US'. The main banner area has a green background with the text 'REACH HIGHER ONYX Go has arrived' and a prominent 'GET ONYX GO' button. Below the banner, a 'NEW PRODUCTS' section displays 'ONYX go lite' and 'ONYX go plus' with their respective prices: 'ONYX Go Lite - Monthly subscription \$49.95' and 'ONYX Go Plus - Monthly subscription \$99.95'. A 'Get ONYX Go' button is positioned at the bottom of the product section.

When to convert to ONYX Thrive

When to convert to ONYX Thrive

ONYX Go is ideally suited for small to medium sized print shops. Converting to ONYX Thrive is recommended when the Print Shop:

- has more than two printers or multiple print stations
- is adding additional printers and doesn't want two subscriptions
- wants access to a network license for control over RIP engine and Job Editor allocation
- requires access to additional ONYX tools not included in ONYX Go such as textile tools
- needs Flatbed cutting support
- wants advanced automation capabilities
